

MOBILIZING GRANTS FOR BIO-BASED INNOVATIONS IN THE CENTRAL AND EASTERN EUROPEAN COUNTRIES**28 April 2022**
9:00-12:00

The aim of this webinar is to give up-to-date information on newly opening research and innovation grants related to the biomass production and processing. It aims to present the European Commission research framework programme Horizon Europe priorities and instruments including the Circular Bio-based Europe Joint Undertaking (CBE JU) and the possibilities to participate in networks as the Bio-based Industries Consortium offered possibilities.

- **Public and private finance for mobilizing innovative projects** 9:00 - 10:10
- **Strategic Research and Innovation Agenda setting** 10:10 - 10:40
- **The role of networks in mobilizing successful project proposals** 10:55 - 11:25
- **Panel discussion with speakers from the sessions** 11:25 - 11:55

About BIOEASTsUP

BIOEAST offers a common political commitment and shared strategic research and innovation framework for working towards sustainable bioeconomies in 11 Central and Eastern European (CEE) countries.
