ABOUT US

BIOEASTsUP is a project funded through the European Research and Innovation programme, Horizon 2020, and will last for the duration of three years (October 2019 to September 2022). It is a coordination and support action in response to the Call RUR-18-2019, "Support to the BIOEAST initiative: boosting knowledge and innovation-based bioeconomies". The Central-Eastern European Initiative for Knowledge-based Agriculture, Aquaculture and Forestry in the Bioeconomy – BIOEAST – offers a shared strategic research and innovation framework, which aims at working towards sustainable bioeconomies in the Central and Eastern European (CEE) countries. The project consortium consists of 21 partners from 14 countries and aims to support the BIOEAST initiative and Action Plan for the transition of 11 Central and Eastern European (CEE) countries to the bioeconomy.
