ABOUT US

BIOEASTsUP is a project funded through the European Research and Innovation programme, Horizon 2020, and will last for the duration of three years (October 2019 to September 2022). It is a coordination and support action in response to the Call RUR-18-2019, "Support to the BIOEAST initiative: boosting knowledge and innovation-based bioeconomies". The Central-Eastern European Initiative for Knowledge-based Agriculture, Aquaculture and Forestry in the Bioeconomy – BIOEAST – offers a shared strategic research and innovation framework, which aims at working towards sustainable bioeconomies in the Central and Eastern European (CEE) countries. The project consortium consists of 21 partners from 14 countries and aims to support the BIOEAST initiative and Action Plan for the transition of 11 Central and Eastern European (CEE) countries to the bioeconomy.

PAST EVENTS

COUNTRIES ARE SETTING COMMON STRATEGIC RESEARCH AND INNOVATION PRIORITIES FOR THEIR BIOECONOMY DEVELOPMENT

On 15-16 March 2023 in Warsaw during a high level, BIOEAST Congress was presented a macro-regional strategic research and innovation agenda and eleven national concept papers for bioeconomy strategies. The agenda sets common priorities on research and innovation for the better valorisation of our biological resources, while the 11 concept papers analyses the potential of national bioeconomies and propose further tailormade development possibilities.

The documents were prepared with the involvement of regional and European experts, policy makers and were validated by national ministries. A major backing was provided by the cooperation and support action financed by the European Commission, the BIOEASTsUP Horizon 2020 project.

BIOEASTsUP project development and achievements

NATIONAL BIOECONOMY CONCEPT PAPERS PUBLISHED

With the support of the BIOEASTsUP project, the National Bioeconomy Concept papers of 11 Member States have been produced. The 11 papers were presented at the BIOEAST Congress, which took place on 14-15 March. These strategic concept papers are one of the most important results of the BIOEASTsUP project, as they are very relevant and timely. The BIOEASTsUP project was launched in 2019, 2 months before the publication of the Green Deal and 5 months before the outbreak of the COVID-19 pandemic and the war in Ukraine.
